## SUMMARY

Finding creative solutions and making rational decisions to problems drives me. I love it when I exhaust my brains to create tech solutions. I am a fast learner and tech enthusiast because I believe technology dictates the world we live in and can be harnessed to make this world a better place for everyone.

Proficient: C, Python (Flask), JavaScript, SQL and No SQL databases, C#, Git and version control, Node, REST, SSH, HTML, CSS and XAML.
